To Whom It May Concern:

PVC fittings for use with corrugated HDPE or PVC ID controlled piping, from 4” through 48” diameter, as provided by Specified Fittings, shall consist of solid walled PVC pipe stock, with connection joints meeting requirements of ASTM D 3212. The pipe stock shall meet the performance requirements for fabricated fittings as described in ASTM D3034/F679/1336 and meet material requirements of ASTM D1784.

Please contact us if you need any additional information.
